THE SMALLEST, LIGHTEST, MOST FLEXIBLE AND THE MOST COMFORTABLE FOOT DROP BRACE!

**STANDARD and PRO MODELS AVAILABLE**

The standard DORSI-STRAP™ lets you enjoy comfortable, natural walking in street shoes. The tougher DORSI-STRAP™ PRO supports more vigorous activities (hiking, jogging, golf, etc.), with street shoes, and with athletic, recreational and work shoes and boots.

Either model can be integrated into most sandals or shoes that do not have lace holes. One DORSI-STRAP™ treats one foot. For support on both feet, please order two.

**USING THE DORSI-STRAP**

Prior to use, the shoelace ends of the DORSI-STRAP™ straps are laced into the shoe's lace holes, and tied together. With the straps installed, the shoe is put on as usual, and the cuff is applied around the ankle using Velcro®. The front of the foot is then elevated, then the Velcro® ends of the straps are applied around the cuff, also using Velcro®. It’s that easy! The straps may be left in the shoe for repeated use.

The DORSI-STRAP™ provides only dorsi-flexion support for the foot. If any medical condition other than footdrop exists, get your physician's or therapist's approval prior to using the DORSI-STRAP™.
