Standard DORSI-STRAP™

**DORSI-STRAP™ PRO  
HEAVY DUTY  
ON A BOOT**

Patent No. 7458950  
MADE IN U.S.A.

**USING THE DORSI-STRAP** Prior to use, the shoelace ends of the DORSI-STRAP™ straps are laced into the shoe's lace holes, and tied together. With the straps installed, the shoe is put on as usual, and the cuff is applied around the ankle using Velcro®. The front of the foot is then elevated, then the Velcro® ends of the straps are applied around the cuff, also using Velcro®. It's that easy!

The straps may be left in the shoe for repeated use.

The DORSI-STRAP™ provides only dorsi-flexion support for the foot.

If any medical condition other than footdrop exists, get your physician's or therapist's approval prior to using the DORSI-STRAP™.
